CANADA LTD.

... celebrating 100 Years of Continuous Mining and
the dawn of a new and exciting project - Hoyle Deep

Porcupine Gold Mines is in the process of a Major Capital Expansion project at its Hoyle Pond Mine. The Hoyle Deep Project includes the development and construction of a new 1800m deep internal shaft (winze) as well as upgrades to the existing No. 1 Shaft. The new winze will extend to a depth of 2200m and it is expected that the project will be completed over a 4 year time period. The mine is a high grade narrow vein underground gold mine which has been operating continuously since 1985 and has produced 2.6 million ounces.

DOCUMENT CONTROLLER

Responsibilities:

Ensuring that project document control procedures are implemented and utilized by the project team members, contractors and vendors.

- Ensure controlled tracking and expediting of documents are distributed
- Maintain up-to-date registry of both company and contractor documentation
- Assisting in development and implementation of the project team's Electronic Document Management System (EDMS)
- Maintain the file system; both electronic and hard copy versions

Qualifications:

- Post Secondary Technical Diploma or equivalent
- 3 years experience in engineering document control
- Strong organizational, communication and interpersonal skills
- Computer literate with proficiency in Microsoft Office

Interested applicants are invited to submit their resume by January 24, 2010.
