

... celebrating 100 Years of Continuous Mining and
the dawn of a new and exciting project - Hoyle Deep

Porcupine Gold Mines is in the process of a Major Capital Expansion project at its Hoyle Pond Mine. The Hoyle Deep Project includes the development and construction of a new 1800m deep internal shaft (winze) as well as upgrades to the existing No. 1 Shaft. The new winze will extend to a depth of 2200m and it is expected that the project will be completed over a 4 year time period. The mine is a high grade narrow vein underground gold mine which has been operating continuously since 1985 and has produced 2.6 million ounces.

SAFETY & TRAINING COORDINATOR

Responsibilities:

Assisting the Project Superintendent in providing appropriate training and safety guidance for all company and contractor employees, and;

- Promote, coordinate and implement activities to improve and maintain high levels of safety performance.
- Provide and coordinate safety training (Inductions, Common Core, Specialties, etc.).
- Conduct daily site inspections and assist with accident investigations.
- Audit the workplace, identify hazards and make recommendations to reduce exposure to the workforce.
- Coordinate Emergency Response planning and training as related to the project.
- Assist in drafting and reviewing job procedures.
- Provide Project Management with monthly and weekly reports.
- Participate in the Contractor JH&SC as a resource.

Qualifications:

- Secondary School Diploma required and a Technical Diploma would be an asset.
- Minimum 10 years of related underground development and production mining experience.
- Minimum of 5 years experience in Occupational Health and Safety Systems Management.
- Minimum 5 years experience in leadership roles.
- U/G Supervisory Common Core.
- Strong leadership, organizational, communication and interpersonal skills are essential.
- Must have strong PC skills including Microsoft Office.

Interested applicants are invited to submit their resume by January 24, 2010.
