

Goldcorp – Central & South America

Goldcorp's Central and South America operations include the Marlin Mine in the western highlands of Guatemala, as well as development projects in Guatemala and the Dominican Republic.

We are presently accepting resumes/CV's for the following addition to our team:

REGIONAL HEALTH AND SAFETY DIRECTOR

Reporting to the Vice President Central/South America the successful applicants responsibilities will include:

- Coordinate the delivery of Goldcorp Inc. safety vision and strategic alignment in keeping with the Regional Safety Program
- Advise, coach, and mentor line supervisors, superintendents and managers in occupational health and safety
- Audit and report on workplace compliance to the occupational health and safety programs
- Provide supervision and direction to local H&S staff
- Maintain underground emergency response teams and their training in mine rescue
- In conjunction with the management teams, develop, implement and promote a proactive safety culture and programs to improve and maintain a high level of safety performance

Qualifications:

- Qualification or accreditation in Occupational Health & Safety from a recognized institution or relevant experience in a H&S role within an underground and surface mining organization
- Proven results that demonstrate initiative to work effectively towards improving and maintaining good safety systems and standards
- Knowledgeable and competent in the application of risk management processes and systems, safety systems, accident investigation, root cause analysis and auditing compliance
- Completion of Common Core (Ontario) training would be valuable
- Certified in train the trainer and Mine Rescue Training
- Sound understanding of the relevant health and safety legal requirements
- Accredited in workplace sampling and monitoring
- Competency in computer applications including Excel, Access, PowerPoint and MS Project.
- Enthusiasm, self motivation and the ability to maintain direction, achieve work objectives, influence others and affect real change
- Strong interpersonal and communication skills – fluent in English and Spanish

Salary and benefits will be commensurate with experience and in keeping with policy for this operation. The schedule for this position will be determined with the successful candidate upon hiring.

Interested applicants are invited to submit their resume no later than December 22, 2009 to:

Director of Operations
Facsimile: (+502)-2329-2610
Email: Robert.Mitts@montana.com.gt

We thank all candidates for their interest however, only those selected for an interview will be contacted.
